Dear Mr. Jens Galschiot,

I refer to your letter dated 10 May 2023 to the Secretary for Security and others. I am authorised to respond.

The National Security Department of the Hong Kong Police Force on 5 May 2023 conducted searches with a court warrant and seized an exhibit related to an “incitement to subversion” case under the National Security Law. Like any other case, to collect evidence following progress of investigation to take forward the relevant case is legal, reasonable and rational.

The Government all along carries out its duties and obligations to safeguard national security in accordance with the law, and the handling of this case is no exception. The HKSAR Government will continue to handle the exhibit, including the arrangement after the judicial proceedings, in accordance with the law.

Yours sincerely,

(LEUNG Kwok-yin)

Deputy Commissioner of Police  
National Security
